and comfort in mind!

CONTRACTS

Sealy South Africa has been in partnership with the leaders of the accommodation industry for many years.

When choosing bedding for your business, you are making the biggest investment towards your success.

Sealy beds are orthopaedically designed to provide the best in comfort, support and durability for a superior sleep experience. Available in a wide range of comfort

choices and backed by the Sealy brand, you can be assured your guests will have a restful night's sleep.

You can trust us to provide a bedding solution that is suitable for your establishment and budget.

Give your Guests a Night to Remember!

As the world's largest bed manufacturer with dozens of factories world wide, Sealy has built a reputation for innovation and excellence spanning 100 years:

- Sealy was founded in 1881 and Sealy of South Africa operates under license to Sealy Inc. USA.
- In the late 1950's Sealy introduced Posturepedic®, now the best selling range of beds in the world.
- With the guidance of Sealy's USA Research and Development team, the range has been constantly improved throughout our history and today each Posturepedic® bed incorporates unique patented spring systems in both the mattress and base.
- In 1967 Sealy Posturepedic® was launched in South Africa; it has been the No 1 selling premium bed for more than two decades.
- 2001 saw the opening of the new state-of-the-art Sealy factory in Industria, Johannesburg and today well over 3 million South Africans sleep on a Sealy.
- 2005 Sealy launched the one and only Do-Not-Turn mattress range to the industry.
- 2009 Sealy launches the 'No More Toss & Turn' sleep system.

The Sealy Contracts Division

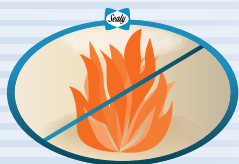

Sealy Contracts Division has grown to dominate the local market with many top names in the hospitality industry insisting on Sealy Posturepedic®:

- Protea Hotel
- City Lodge
- Premier Hotel Group
- Mount Nelson
- Westcliff
- 3 Cities
- First Resorts
- Southern Sun
- Forever Resorts
- Peermont Global
- Melrose Arch
- Polana
- Crystal Springs
- Ngwenya Lodge
- V&A Waterfront
- Vineyard
- To name just a few !

With more than 100 years of accumulated knowledge and a commitment to providing better products and better service, Sealy is able to offer the right bedding solutions for you. **Now isn't that something worth sleeping on!**

Why Sealy Contracts Beds Are Best?

Why use a regular bed in your establishment when you can use Sealy Contracts beds? Our beds are specially made to survive the more demanding conditions in the hospitality industry, while retaining their superb levels of comfort and luxury. They are made extra healthy, versatile, adaptable and durable, and your guests will love them. Here are just some of the features you'll find:

Increased flame retardancy for improved safety

Sealy offers flame retardant tickings which suppress, reduce or delay combustion.

Bug Guard Ticking

Contract Mattresses treated with BugGuard offer peace of mind. Manufactured with a knit fabric, styled in beige with a 'touch of brown' color-way, for a luxurious plush touch for extra pampering your guests will be coming back for every time. Three minutes direct contact with a mattress treated with Bug Guard is enough to eradicate all bugs. 90% of bugs will be dead within 24 hours of being in contact with the mattress. 100% of bugs will be dead within 48 hours! What's more, Bug Guard has been medically tested to be perfectly safe and harmless to humans.

Beige knit fabric BugGuard mattress

The result: a healthier sleeping environment and the peace-of-mind of knowing there are no unwanted visitors bugging your guests during the night.

Anti-Mosquito

For your peace of mind. An anti-mosquito application that repels mosquitoes and insects.

Introducing the Revolutionary New Do-Not-Turn Range

Our incredible Do-Not-Turn range of mattresses is designed to wear evenly and keep delivering excellent comfort and support, without being turned ... ever! All it takes to keep it performing at its peak is a quick top-to-bottom rotation.

This phenomenal development is made possible by Sealy's unique Do-Not-Turn Comfort Layers; structured from material so technologically advanced; we've only had to put them on one side of the mattress. With a focus on maximising comfort and minimising effort, it's easy to see why Do-Not-Turn mattresses are the perfect choice for the hospitality industry!

More Added benefits

Our Contracts Division will be pleased to give you advice on the beds that best suit your specific needs and budget:

- We offer a free bed audit to our hospitality industry clients.
- Available in standard length 1880mm and extra length 2000mm.
- Contracts models are available in most sizes: Single 915 mm; Three Quarter 1070 mm; Double 1370mm; Queen 1520mm and King size 1830mm.
- On request only: 2000mm x 2000mm.
- Average height measurements: Standard base height is 28cm. Standard mattress height = 28cm. Leg height = 6cm. Please note these are average measurements only, as mattresses and bases can be manufactured to accommodate most height requirements.

Convert 2 Single beds into a King

Use Sealy's convenient mattress converter to join two Single beds together to form a King Size bed. The converter is easy to use and forms a seamless covering, providing a sleep surface that's as comfortable and even, as that of an actual King Size mattress.

And for a finishing touch...

As an added option from Sealy you can have your base covered in a choice of brown or ivory suede fabric, or you can supply your own fabric, for that extra touch of style.

What's inside a Sealy

Health

Bug Guard Ticking

Three minutes direct contact with a mattress treated with Bug Guard is enough to eradicate all bugs within 48 hours! Bug Guard is completely harmless to humans, but hugely effective against bedbugs.

Fire retardant ticking

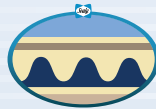

increases safety and complies with hospitality industry standards.

Anti-Mosquito

For your peace of mind. An anti-mosquito application that repels mosquitoes and insects.

Comfort

StayTrue® Upholstery

High quality and high density filling materials for long lasting comfort and support.

Support

PostureTech® Coil

With unique Sensory Arm®, senses your weight and responds with increased, correct orthopaedic support.

Foam Encased

Increases your sleeping area & provides a firm seating edge.

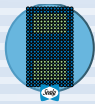

Six turn, double off-set Coil

The support system that made Sealy Posturepedic famous.

Sit Right Edgeguard

Provides a firmer seating edge and larger sleeping surface and increases the durability and comfort of the sleep set.

Dual Zone

Responds to your individual body contours & gives support where you need it most.

Sit Right Double Edgeguard

Stabilizes the spring unit, thereby reducing movement and creating uniform comfort across the entire surface of the mattress.

Durability

Motion Stabilizer Foundation

A Reinforced Hi-Tech design that stabilizes mattress movement.

PostureFlex Shock Absorber® Foundation

Works with the mattress to absorb shock of weight and motion and extends the life of the mattress.
